

Villa Buena Vida

CaboSanLucas - Pedregal

10 BEDROOMS/ 24 SLEEPS / 10 BATHROOMS / OCEAN FRONT

The Space

Walking into this beautiful masterpiece you experience cascading waterfalls and anticipate the views that only a villa of this class can bring. From the moment you walk through the front door you are taken away by the most breathtaking views you have ever seen! This is the PERFECT villa for entertaining! It has privacy and the best views you can find in Cabo. Villa Buena Vida has been the #1 rented villa in Cabo/Pedregal for the last 10 years because it has unmatched views, it is beautifully styled, the staff is exceptional, and it is priced reasonably. The newly expanded heated pool with hot tub has an infinity edge so you won't know where the pool ends and where the ocean begins. It is spectacular! You can sit on one of the three bar stools at the edge of the pool looking directly down on the crashing waves and out over the Pacific Ocean. The toughest decision may be canceling your plans to go into town because you are having too much fun at the villa.
